

Custom Engraving on Wedding Bands

Wedding bands can be made even more special by personalizing them. Engraving a name, date or a sentiment lets that special person know that their ring came truly from the heart.

Nearly all of our yellow gold, white gold, two-tone, platinum, palladium, sterling silver, titanium, stainless steel, cobalt, gold-plated and black-plated bands that are 4mm or larger can be custom engraved. However, ceramic bands are not available for engraving due to the strength and hardness of this material.

Choose from a variety of different fonts to express your personal style. Choose a sentiment from our list or your own personalized message (4 words or less) for only \$13. (Please note: Smaller size rings may not be able to accommodate the full 4 word limit. Your customer service representative will advise you of any space limitations when you order.)

- Our Special Day (Date)

How To Order Custom Engraving:

Order a personalized sentiment in 3 easy steps.

1. Order the style number and size of the wedding band.
2. Choose one of our popular sentiments or create your own sentiment.
3. Choose the font in which the message will be engraved.

That's it! In most instances, your in-stock order will be shipped within 48 hours.

This time period may be longer during peak engraving seasons: Valentine's Day, Mother's Day, Father's Day, May & June (due to graduations and weddings) and between Thanksgiving and Christmas.
